SPECIAL TOWN RELIEF MEET ON FRIDAY

Tax Payers Asked To Vote Outright Tax of 30c for Relief Purposes.

A special town meeting of tax payers in Wheeling township will be held Friday afternoon at two o'clock to give them the opportunity to remove previously voted restrictions upon the special town tax levied for relief purposes. At the meeting held last April the voters authorized a thirty cent levy but left a string to that levy by specifying that said levy be not made more than sufficient to raise a total of \$6,000. This was the amount that the voters felt would be needed to care for the township's share of the relief cost.

The meeting will first be called to order at 8 a. m. to select a moderator, after which it will adjourn until two o'clock.

Palatine township held a similar meeting Wednesday and voted the full thirty cent tax levy. That township had previously authorized only a ten cent levy.

Definite decision of the Wheeling town board to call the special meeting Friday followed the receipt by Supervisor Grandt of the following letter:

October 23, 1936

Mr. Charles F. Grandt,
I have been informed by Mr. Frank Duffie, district financial examiner, that you desire a letter regarding the 1936 poor relief levy for Wheeling Township as reported by the county clerk.

As you know, the Illinois Emergency Relief Commission according to law can certify for allocation no State relief funds to any governmental unit which has not by November 1, 1936 levied the maximum local poor relief levy allowed by law.

The county clerk of Cook County has reported to us that Wheeling Township has made a 1936 poor relief levy of \$6,000 specifying a rate. This amount is not 30 cents on each \$100.00 of assessed property valuation and 30 cents is the maximum allowed by law for poor relief purposes. According to the latest available assessed property valuation figures for the year 1935, Wheeling Township as reported shows an assessed valuation of \$499,794. You can readily see that a tax levy of 30 cents on each \$100.00 of assessed property valuation would amount to something more than \$150,000. Thus since the county clerk reports to us that only \$6,000 has been levied by Wheeling Township for 1936 poor relief purposes we have no alternative other than to determine that according to county records as they now stand Wheeling Township will not stand entitled to receive State relief funds for the month of November, 1936 or thereafter.

Mr. Hein, town clerk of your township, was in to see us several days ago. He stated at that time that the motion passed at the town meeting as reported to him was inaccurately stated, that at the town meeting it was the intention of voters to levy 30 cents on each \$100.00 of assessed property valuation. If this be the case it would seem that the certification to the county clerk should be corrected as well as the certification to the county clerk. If it is impossible to correct the wording of the motion as originally reported to the town clerk it would seem advisable that another town meeting be held.

We shall be glad to give you any information that we have regarding this matter. Please do not hesitate to call upon us.

Chief Statistician

He will speak in the Lutheran school hall on "Roughing It For Christ in Argentina." The lecture will be illustrated by showing colored stereoscopic slides of scenes taken in the field. Pastor Kroeger is a nephew of Mrs. H. C. Landeck. He has done pioneer work amongst the German Russian immigrants and the natives of Argentina and as such he will give a graphic picture of the life and worship of these people. Busse's Work For Forest Preserves Index of His Interest In Public

William Busse, Republican candidate for Cook County Recorder, points out in his speeches that he always has been a friend of the Forest Preserves from the public's standpoint. As a member of the county board from the time the law pertaining to the Forest Preserves went into effect in 1914 he has been a member of the plan committee and the real estate committee.

These two committees planned the projects and the purchase of a total of 33,000 acres of land and the development of locations in the Preserves most accessible to the public. The outcome has been far beyond the most sanguine expectations of the people.

Sanitary swimming pools for the children have been one of the features inaugurated during Mr. Busse's regime in the activities of these two committees. Mr. Busse was active in getting the first herd of deer for Deer Grove from Wisconsin and in installing the Elk Grove.

Hayes To Tell Methodist Men's Club About Elections Of The Past

Mr. Raymond Hayes, history instructor in the Arlington Heights high school, will be the speaker of the evening at the dinner meeting of the Methodist Men's club, Tuesday, November 3. The club will assemble for dinner at 6:45 o'clock in the gymnasium, following which Mr. Hayes will speak on "Interesting Elections of the Past," a very appropriate subject for election night.

In his study of American government, Mr. Hayes has made an extensive study of election data and is competent to interpret the outcome of past elections. He will include in his speech a discussion of the disputed election of 1876—the Hayes-Tilden election; figures and statistics on the McKinley-Bryan election of 1896, and facts about the election of 1912. He will also explain what would happen in an election by the switch of a few electoral votes in key states.

A radio will be installed and reports of the election will be recorded and announced throughout the evening. All men are invited to attend as the club is non-sectarian.

ROOSEVELT IS ENDORSED BY FARM WEEKLY

Prairie Farmer Urges Ag- riculture to Re-elect President.

The Prairie Farmer, national farm weekly, in a front page editorial of its issue of Oct. 10th, came out for the re-election of President Roosevelt. The editorial is entitled, "Why We Are For the Roosevelt Farm Program." Cook county has a large arm vote and the Democratic township organizations are looking for a heavy Roosevelt vote from that class of voters.

The editorial in part reads as follows:

WHY WE ARE FOR THE
ROOSEVELT FARM PROGRAM

We have voted for Republicans as often as for Democrats. Our views now are not partisan. Our only allegiance is to our readers. Our only interest is in the welfare of American agriculture, which underlies the welfare of the entire nation.

Do we want unrestricted production and 1932 prices, the gold standard and hung around our necks again, the bank deposit guarantee act repealed? Or do we want to follow and perfect the policies of the past three and one-half years that have raised our prices and given security to our farms and our bank accounts?

Before election in 1932, Mr. Roosevelt said that he would be guided in his farm policies by the advice of farmers themselves. He has carried out that promise insofar as the majority of farmers and their leaders have been able to agree. Never in any other administration have farmers been so welcome in Washington and their influence so great.

If the Roosevelt farm policies are all wrong, the fault rests with farm folks themselves as much as with the President.

That they have not been all wrong is shown by the tremendous improvement in agriculture since the spring of 1932.

The National Debt
The increase in the national debt is being used as a political scarecrow. That money was spent first to save banks and insurance companies and industries; second, to make it possible for the unemployed to eat; third, to restore prosperity to agriculture.

Those things were done to pull the country out of the worst depression in its history. Who shall say that they were not worth the cost?

Now that the desired results are well on the way to accomplishment, the bill will have to be paid. But out of an annual increase of 20 billions or more in national income since the low point in 1932, it will not ruin us to pay off the eight billions that have been added to the national debt.

Taxes to pay it will not be levied on city homes or farm land. Those things the federal government has no power to tax. The bill will be paid by those who are able to pay it—by those whose incomes have been substantially increased by the expenditure of this money.

There are difficult problems to be worked out in the years ahead. Neither party will do the job perfectly. It will take the best statesmanship of both.

But right now the question for farm folks to answer is whether or not they are going to stand by a President who has done everything he could for them.

Four years ago banks were crashing, farm mortgages were being foreclosed, and farm prices were at a level so low that it meant ruin for agriculture and for the country. Farm and city folks alike were in despair; hope had all but vanished from their hearts.

We do not want to go through that experience again.

TOWNSHIP HIGH SCHOOL

Euclid Avenue — Arlington Heights, Illinois

Niles Center At Arlington

Arlington faces another tough opponent this Saturday when Niles Center sends their team to Arlington. This year Niles Center has extended their high school to a four year school instead of their heretofore three year school. Consequently they have a veteran team since none were graduated from their squad. This year Niles has an enrollment of practically as many as Arlington and by another year expect to surpass Arlington in the total number of pupils.

They are contemplating applying for a membership in the Northwest conference and consequently are doing their utmost this year to establish a reputation in athletics even higher than that of previous years. Coach Isaacson always has a team that is smart, alert and who are fighters. On a basis of comparative scores of this year's games the game should be close. Arlington has been well scouted by the Niles Center coaching staff and they undoubtedly have planned a defense to stop the raids of the Arlington backs.

Arlington is about due to play one of her good games. If so, they may come through with a win. If not they are in for trouble. They are about due to get some of the breaks they have presented to their opposition in their last three games. The Cards claim they have all those misplays out of their system and are raring to go after their defeat by Leyden.

The game this Saturday will begin at 2:00 o'clock on the local field. The next—and last—home game of the year, will be Arlington Homecoming Nov. 7, with Libertyville as the opponent. This should be one of the highlights of the Arlington home season with Arlington conceding a good chance to defeat the Libertyville huskies.

Palatine Hen Lays A Landon Egg

Mrs. Lillian Toppel, of Palatine, has a Landon egg that she is exhibiting to her neighbors. The egg, which was laid by one of her chickens a week ago, has upon its outside the likeness of a sunflower. Mrs. Toppel calls it a good omen for the Republican candidate.

WHAT A SAUSAGE IT PROVED TO BE

The huge sausage that was in the window of the Krause Cash Market last week-end is all cut up, divided among the winners of those who came the nearest to guessing its weight. Gustave F. Heidorn of Heidorn Sweet Shop won first prize with a guess of 44 pounds, and carried home the major slice of the sausage. Second prize went to Henry Kirchhoff, whose guess was 43½ pounds. There were three tied for third place, each of whom guessed 43 pounds—Rudie Diebold, Herman J. Meyer and Esther Kehe. The sausage was 77 inches long and weighed 43 pounds, 13 ounces. It was made for Krause Market by Oscar Mayer & Co., who specialize in the making of sausages.

STONEGATE MAN FRIGHTENS BANDITS

Herb. Reinshagen Grabs Shot Gun and Drives off Nocturnal Visitors.

Herbert Reinshagen, 144 Derbyshire, Stonegate, Arlington Heights did not hesitate to grab a shot gun that was pointing his way, about 3 o'clock Tuesday morning. The gun was discharged over the head of Reinshagen, the bandit was pushed off the small stone entrance and through the window the householders saw the would-be thief enter a car and drive away.

The only thing lost was the peace of mind of Mrs. Reinshagen who heard the discharge of the gun and did not know for several minutes whether her husband was injured or not.

It was about 2:45 in the morning when Mrs. Reinshagen heard the door bell. Looking through a window, she saw no one and returned to her bed, but repeated ringing caused her to awaken her husband who calling from an upstairs window was told by the visitor that it was "Western Union." Although cautioned by his wife not to open the door he had faith in the lawful purpose of the visitor at that hour and it was not until he felt the muzzle of a shot gun pressed against his body that he realized that he had been dupped. Feigning to raise his hands, he forced the gun upwards when it was discharged.

The police were immediately notified, but no evidence could be found. This incident has caused local police to again warn the public to keep their doors locked and in case of suspicious characters, to call the police at once.

The states attorney's office is co-operating with the local police in giving added protection to Arlington Heights, which during the past ten days was the scene of several robberies. Extra police is being assigned to Arlington.

Busse Removes Blame From Local Postmaster For Use of Mails for Roosevelt Literature

William Busse, Republican candidate for Cook County Recorder of Deeds, who a few days ago furnished proof that the United States mails are being pressed into service at the taxpayers' expense for the distribution of Roosevelt campaign literature, declared today that he in no wise blamed the local postmaster, Lawrence Hodges, Mount Prospect, Illinois.

"Mr. Hodges was only obeying the orders of James Farley," said Mr. Busse, "and in making this matter public I did not wish to cast any reflections on Postmaster Hodges. He simply had to carry out the orders of his superior."

The campaign literature consisted of a reprinted editorial a reprint from the Congressional Record and a campaign boost for the president.

You can get one of these Korean Chrysanthemums of James for a reasonable price.

The bridegroom of fifty years remarked to a friend that he had just as happy a day as he did at that wedding fifty years ago.

The Friendly class had a party celebrating their tenth anniversary and their pastor's twenty-fifth in a delightful party and wonderful supper last Wednesday. A pleasing program with an address by Rev. Shaw of Wheeling; toasts and apt responses and just the friendly happy time these Friendly class members and their husbands can so well stage.

Hear of a mother who has left Old home and children sad bereft; We are made deaf hearing the roar Of politicians more and more; Another week will all decide, And joy for those on the winners side; Home tradesmen if you would be wise, In your home paper advertise;

When you are reading next week's news, You'll find the man who "didn't choose."

Arlington Heights O. E. S. Notes

On Thursday, Oct. 22, Arlington Heights gave a reception for Sister Celia Hausam, Grand Lecturer, who was appointed on the Eligibility committee, and Sister Alma Tesch, P. M., who was appointed on the Credentials committee of the Grand Chapter of Illinois. Our officers escorted these sisters and made a very lovely picture in their white formal.

Sisters Celia and Alma were each

presented with a bouquet from the Chapter and welcomed to the east by Sister Frances. Pleasing remarks were heard from these Sisters, after which all members were given the privilege of congratulating them.

A stated meeting was also held last Thursday with all officers present except Electa, Sister Alma Tesch, P. M., protomed. Sister Inez Boze, conductress, was escorted and presented with flowers from the chapter, and Sister Frances told Inez how much we were going to miss her when she leaves us to move to Washington, D. C. Sister Inez said she would think of us and hoped we would think of her.

After all business was conducted chapter was closed and we had a penny social, with Sister Georgiana Pankonin as chairman. Delicious refreshments were served by Sister Alma Inez and her committee.

On Saturday evening the officers of Arlington Heights chapter entertained the W. M. Frances Thorson, and their W. P. Frank Hausam, at the Tally-Ho in Park Ridge to dinner, at 7:15. 41 guests were seated to a delicious dinner.

Sister Irene Hauff, presented Sister Frances with a beautiful

robe, slippers and compact, from the officers, and thanked our W. M. for her kindness and thoughtfulness in the past year, and told her that we were so happy to be her officers.

Brother Crane presented our W. P. Frank Hausam, with a gift of cash, and told him we were happy to serve with him the past year.

Sister Frances thanked the officers for their gifts. Brother Frank thanked them also. After the dinner, cards were enjoyed by all present. At a late hour all journeyed home, having had a wonderful evening.

Health Talks

By Dr. J. H. Fisher

Vitamin A Improves Your Sight

This is the time of the year to watch your step and if you will follow this simple menu, you will benefit greatly by it. Watch your step will have an added meaning once you realize that slow eye adjustment to dim light probably means a nutritional deficiency. A person going from a brightly light building to the street at night, or on bright sunny days entering a darkened theater, may not be able to distinguish people in the semi-darkness for some time. That means definite vitamin A deficiency. To correct the condition add foods containing vitamin A in generous amounts to the daily menus. Butter, whole milk, egg yolks, yellow vegetables and edible green leaves will retard the condition and in time correct it.

Yellow turnips in season for fall will supply this sight adjusting vitamin both through its leaves and roots. The mashed turnip with butter and cream for seasoning makes a splendid dish and the cooked turnip tops with butter, a service of greens as tasty as it is beneficial. Carrots, too, and yellow corn and sweet potatoes will help to fortify the system with foods that protect the eyes and improve your health to guard against the strain of every day life.

Watch your eyes, they are your greatest possession and guide in life. This is the time of the year where one should fortify against strains that weaken the body. We must eat foods that have vitamins to supply heat and building power, such as pure cod liver oil. See your physician at least twice a year and he will guide your health.

Cold weather is due soon and when it is here we get less exercise, we stay in doors and read a lot or the women sew a lot, the quilting parties are on and cards which is a strain on your eyes. Have them checked to see if they still are the proper correction. Your eyes are the lighthouse of your body, so be sure and keep the light clear and your health fit to battle every day work.

RED CROSS ANNUAL ROLL CALL

A 50 per cent increase in the number of communities organized for Red Cross roll calls was reported today by James B. Forgan, chairman of the Chicago chapter, American Red Cross, in announcing the appointment of roll call committee chairmen for 25 Chicago neighborhoods and 72 Chicago suburbs. Mrs. L. G. Johnson has been appointed on the roll call for Mount Prospect. These individuals will direct the annual membership roll calls in their respective communities. Mr. Forgan also announced the appointment of Red Cross representatives to serve on the boards of nine suburban community chests.

"The Red Cross annual roll call," Mr. Forgan stated, "will be conducted from Armistice Day, November 11, to Thanksgiving Day, November 26. The Chicago chapter will participate in the Community Fund of Chicago on a limited basis, and by agreement, confine its personal solicitation of memberships to neighborhoods and suburbs."

"This year, roll calls will be conducted under exceptionally capable leadership in 97 Chicago neighborhoods and suburbs. This compares with 65 in 1935. The remarkable increase can be attributed to growing recognition of the value of the Red Cross, so effectively dramatized by the unprecedented disaster operations of the past year. Reserves are dangerously low and a national membership increase of 25 per cent is necessary to assure continuance of existing services and adequate preparation for future emergencies."

ARTHUR J. BIDWILL Candidate for State Auditor

PLEDGES—

That if he is elected to said office, he will "conduct the affairs of the Office of Auditor of Public Accounts in a business-like and economical manner. That drastic economies shall be immediately made in the management of the affairs of said office and the affairs of said office shall be conducted impartially, with equal rights to all."

This means that the present high cost of receiverships will be cut so that there will be a greater share of assets of closed banks used to pay the depositors.

Herald Examiner, Aug. 29, 1936:
Published this story.

Fees aggregating \$4,773,825 paid to forty-eight law firms during the last five years decimated the resources of 142 defunct state banks in Cook County to such an extent that tens of thousands of erstwhile depositors have received little or nothing back from their life savings.

This was disclosed yesterday in an analysis of the Chicago banking debacle by the Herald & Examiner.

FEES SAP DEPOSITS

"Together with receivers' fees of \$1,209,339 and another \$7,311,142 which went for salary of deputy receivers, clerks and stenographers the heavy legal expense has brought the cost of liquidating closed banks up to \$43,179,170."

"BUT THE DEPOSITORS RECEIVED DURING THE SAME PERIOD ONLY \$35,876,585."

The human element in driving is the problem on our highways today. Construction of highways is constantly being improved, especially along safety lines.

The human element must be educated. The driver of a car must realize his responsibility. Schools, clubs, safety organizations, societies, and many other groups of people are trying desperately to instill into the mind of every automobile driver that proper training in the handling of an automobile is necessary. It is easy to train the higher types of apes, dogs, cats, and even lower animals to operate a car in a circus ring to the satisfaction of an audience, but it is sometimes humanly impossible to instill into the minds of some drivers the absolute necessity for safe driving.

When the day comes that automobile drivers realize their responsibility, we will have a reduction of accidents on our highways.

Prayed Toward the East

From time immemorial thousands of temples of worship, including numerous Christian churches, have been constructed so their congregations faced and prayed toward the East, a custom whose origin is probably rooted in those ancient peoples who once knelt in reverence to the rising sun.—Collier's Weekly.

PLUM GROVE SCHOOL, DIST. 19 Victor Baumgart, Editor

We held our Achievement meeting on Friday, Oct. 23. We had an entertainment for our parents after the meeting. Mr. Butler was present and told us about the new circulating library. We sold candy, taffy apples, and lunch. We also gave away a basket of groceries. Victor Baumgart was the lucky one to get it. After all our expenses were paid, we found we had made \$12.00.

The following are the officers for this year: George Cramer, president; Lorraine Grob, vice president; Edith Sundquist, secretary; Gladys Ness, treasurer.

We have a new set of World Book Encyclopedias. They are very useful and we want to thank our school board for buying them.

The following people had perfect attendance last month: Victor Baumgart, Lorraine Grob, Edith Sundquist, George Cramer, Melvern Humphries, Dolores Grob, Frances Ehret, Dolores Nawrot, Betty Jean Grob, Kenneth Grob, George Nawrot, Caroline Kane, Loretta Kastning, Carol Thomas, and Harry Nawrot.

All the boys on the ball team collected money and have bought a new baseball and bat.

We are going to have a card and bunc party around Thanksgiving. Only two people are on last month's honor roll. They are Joan Thomas and Loretta Kastning.

William Heffern Weds Miss Shelton, Elmwood Park

An impressively beautiful wedding took place Saturday, October 24, at five o'clock in the evening in the Elmwood Park church, when Clara Schrader, daughter of Mrs. Minnie Schrader and Mr. William J. Heffern, son of Mrs. Mary and the late William Heffern, were joined in marriage. The Rev. Theodore Prosche solemnized their sacred vows.

The bridal party entered the church to the strains of the wedding march. Miss Ruth Heffern was the maid of honor; Miss Dorothy Schrader and Mr. James Hopkins, Miss Ethel Luebke and Mr. Arthur Lauterberg, preceded the bride. The bridegroom and his best man, Mr. Henry Schrader, awaited the bride at the altar.

Following the ceremony, music, vocal and instrumental, added to the impressive harmony of the ceremony. Here we know you are breathless to hear about the bride's marvelous gown. It was made of blue moire, her hat to match; the dress in shade draped with a veil costume style in pretty shimmering folds; her bouquet was a shower of gardenias and lilies of the valley. All framed one of the prettiest brides you ever saw.

The bridesmaids' dresses were of royal blue chiffon velvet, transparently beautiful. Their flowers were talliesman roses and pompon chrysanthemums. The gowns were made in a sensible style suitable for wear during the coming season—good sense and beauty combined.

After the ceremony the bridal party and guests went to the home of the bride's mother, where lovely hands had spread a most delectable feast of triumph of culinary art, all of the choice products of the season served in generous appetizing manner.

In the evening the relatives and family connections came in. There was an orchestra that furnished the best of music to make the dancers feet begin to tap time and there was dancing and merriment abundant.

At midnight the company formed for a grand march. The bride cut the cake, a mountain of beauty and sweetness and assistants helped the bridegroom to fold a piece for each guest in paper given as they passed in the march. Preceding the march a second supper fit for a king—no, we mean a good loyal American and his lovely bride.

There were presents galore, beautiful, sensible and useful enough to fit a new home for any bride. William Heffern has lived among and been one of us all his life, and we are sure this lovely woman of his choice will fit in and be harmoniously one of us. God bless them and may all best things in life be the portion of Mr. and Mrs. William J. Heffern.

Miss McNally Was Bride To Wm. Pate In Church Ceremony

At a lovely and impressive wedding which took place Oct. 14 in the Arlington Heights Methodist church, Miss Marjorie McNally, daughter of Mr. and Mrs. Dwight H. McNally, 416 N. Belmont avenue, became the bride of William Pate, son of Mrs. S. E. Pate.

The wedding, a beautiful candle light one, took place at four o'clock and was witnessed by 250 guests. The Rev. W. L. Whipple performed the service before an altar banked with palms and chrysanthemums and lighted with candles.

Preceding the ceremony Mrs. J. Moody presided at the organ and played a group of love melodies. Mrs. Allen sang, "Because" and Mendelssohn's wedding processionals heralded the coming of the bridal party.

Miss Eleanor Montgomery and Miss Harriet Barrett were the bridesmaids. They wore tile colored frocks of satin in floor length with tight fitting bodices, designed with V neck and small puff sleeves. They carried bouquets of "baby mums."

Miss Loraine Nelson, the maid of honor, was clad in a frock of similar model, but of pastel shade of blue. The attendants carried colonial bouquets in full shades.

The tiny flower girl, Barbara White, of Kansas City, dainty in a ruffled dress of lavender chiffon,

OBITUARY

MRS. AUGUSTA MILITZER
Augusta Militzer, the second of nine children was born to Edmund and Dorothea Roeder on the 12th of March, 1855, in the province of Ontario, Canada, near the city of Hamilton.

In 1868 her father, who had previously served in missionary work among the Chippewa Indians of the lower peninsula of Michigan and then taken charge of a pastorate among the rugged pioneers of the Canadian province, was called as the first pastor of the newly organized Evangelical Lutheran St. Peter's congregation of Dunton—the name which Arlington Heights was called at that time. With the family she came to this village and was a resident for 68 years.

On May 17, 1875 she was united in marriage to Frederick Militzer, who had begun his activities as teacher of the parochial school in the fall of 1873. Fifty-eight years of undiminished loyalty and devotion marked her contribution as the outstanding character of this bond. Trials and tribulations were not lacking during this period, but even the bitterness and grief was born in unrelenting faith with a firm grip on the "Staff That Comforts."

The most tender love of a mother's heart was bestowed upon the four sons and three daughters, a love that did not shrink from the possibility of admonition or punishment when needed. No sacrifice was too great, no effort too burdensome to provide for the welfare of those who depended on her loving care.

On March 20, 1933, the Lord called her companion of 58 years to the realm of eternal rest.

During the last years the discrepancies of age began to fore-shadow the end of a long journey. This only increased her desire to spread cheerfulness and happiness among those with whom she came into contact.

In the early hours of Oct. 23, 1936, after having retired in good spirits without any apparent discomfort she heard the beckoning call of the Lord Saviour: "Come! I have redeemed thee! thou art mine." Ever ready and prepared to answer the final summons, after only a few minutes of suffering she embraced the loving arms of her Redeemer and left his earthly vale of mortality.

We who mourn in humility thank Thee, Lord Heavenly Father for Thy bountiful mercy in giving us this example of a truly Christian life—a devoted sister, spouse, mother, grandmother and great grandmother.

THIS WEEK A & P IS 77 YEARS OLD

Growth from One Small Store To Modern Food Organization in 77 Years.

Way back in 1859 A & P was one small store in Vesey street, New York, and the founder of that store, George Huntington Hartford, had established a new business principle—that of retailing food to the public at about half the prevailing prices due to cutting out the middleman's profit. That was back in the days of horse cars when the family marketing was done every two weeks in a small store where barrels and burlap bags of sugar, buckwheat and hominy made the store seem even smaller. Tea came in gaily chests, and the air was redolent with the odor of freshly roasted coffee. One of A & P's earliest customers, 87 year old Mrs. Mary Jane Marshall, says "Women bore the burden of work after General Grant took 75,000 men to augment his army... groceries were bought by measure and we had nothing but brown sugar and our buckwheat was black. Yellow meal was a popular staple and we bought cracked hominy instead of packaged cereals." Mrs. Marshall said also, "To go thru life seeing all the changes I've seen is a wonderful experience."

In sharp contrast to modern and up-to-date food distribution methods, all of the vegetables and poultry were raised on individual farms, and slaughter houses were located at vantage points thru the countryside.

Today A & P is a modern food organization still adhering to the principles of the founder, yet the personnel has been swelled to 90,000 employees all working toward one common goal—delivering the foods the people want at the lowest possible prices.

The Great Atlantic & Pacific Tea Company announced plans for a huge celebration on their 77th anniversary—part of which will be a great food selling event.

The development and growth of America has, of course, been reflected in the rapid strides and developments of the Great A & P Tea Company—they have been growing with America for 77 years.

HOW ABOUT YOURS?

Insecurity causes more WORRY than any other circumstance. Every man thinks about the future welfare of his FAMILY, the independence of his OLD AGE, and the unencumbered ownership of HIS HOME.

Thousands of men who build new HOMES and buy farms never LIVE to see them PAID FOR, and the mortgage burden falls disastrously on those who remain. Others who cherish and LOVE THEIR FAMILIES leave them unprotected for upon unforeseen DEATH. Still others fail to reckon with their advancing years when their earnings decline.

BE SURE OF TWO THINGS

1. To Build an estate that will take care of you and your family IN OLD AGE.
2. To Provide for your family in the event that you DO NOT LIVE TO BE OLD.

Only FIVE out of every ONE HUNDRED men who live to the age of 65 are independent.

BANKERS LIFE Paid up At Age 65 Contarct provides an income for in OLD AGE, if needed; provides a guaranteed cash estate or income FOR YOUR FAMILY if you die before OLD AGE.

Mrs. Van der Vries Says 3 Per Cent Sale Tax Is Unnecessary

The tremendous increase in governmental expenditures both in our national and state is a matter of vital concern to all our citizens. Mrs. Bernice T. Van der Vries, candidate on the Republican ticket for re-election as representative in the General Assembly of Illinois from the Seventh Senatorial District is among those who believe that the affairs of Illinois can be handled with due regard to efficiency and the care of the needy, at a greatly reduced cost to the harassed taxpayers of our commonwealth.

The present governor of Illinois has had 90 million dollars more to spend this year than his predecessor has had in any one year.

On January 1, 1937, the three percent sales tax reverts to two percent. There is no doubt that if appropriations are carefully studied and moneys expended efficiently, the three percent sales tax will not be necessary. This can be done without neglecting those who need and are entitled to financial help from their fellow citizens.

Additionally, Mrs. Van der Vries favors such reduction of the revenue laws as will result in the consolidation of taxing units with a consequent saving to those already overburdened with taxation.

With the same practice of economy in public affairs as in business, and the same tests applied to the former as to the latter, the saving of money would be unbelievable. Mrs. Van der Vries stands on a platform whose strongest plank is economy in government.

Why Insurance?

By J. S. SMITH
Local Representative
Bankers Life Co., Des Moines

Life insurance is the surest and best way mankind has yet developed whereby old age can be made secure through a continuous flow of income. It levels the peaks and valleys of income so that all of life can be lived upon a uniformly comfortable scale.

Look at your hands. Someday they will have become the hands of an old man. Will there be anything in them? The answer depends to a large extent to the answer you make to life insurance.

When you say "No" to life insurance, you are saying "Yes" to penilessness in old age, "Yes" to the lack of comforts in the days when comforts will mean so much, "Yes" to the probability of old age dependency, "Yes" to financial insecurity.

Use life insurance to make sure that you will be a good trustee of the happiness of the old man whom you will meet someday in the roadway of the years ahead.

LEYDEN IS UNDEFEATED IN N. W. CONF.

Even the best football teams must lose sometime. Witness, the Arlington-Leyden game of last Saturday. Arlington was dumped from the list of the undefeated by a fighting Leyden eleven, leaving

the victors as the lone member to have its record unblemished by a defeat in conference play. To say that Leyden was the better team would be discounting the abilities of a courageous Cardinal eleven that battled gamely, if vainly during a second half rally to try to overcome a two touchdown lead established by Leyden in the first period. With everything going wrong the Cardinals kept their daubers up and were still trying at the final gun to keep their place in the sun.

As a football game the affair Saturday was almost a flat failure. As a determined effort by each team to keep in the realm of the undefeated it was a stand-out. Rarely have conference fans been treated to a better scrap between two big powerful boys.

The thing lacking to make it a good game was the absence of anything in the nature of an offense by either team. Each scored five first downs in the course of the game, yet these were not all earned as each team got one of these by means of penalties on the defensive team and Leyden got one of their others when a questionable fumble was loomed forward ten yards and recovered by Leyden. This left four first downs actually earned by Arlington and three by Leyden.

Leyden had a net of 51 yards on rushing the ball throughout the game, and gained 38 yards by passes. Arlington netted 61 yards by rushing and 8 yards by passes. This makes a total of 89 yards earned by Leyden and 69 by Arlington, a terribly low total when the caliber of the two teams is considered. Arlington's main reason for failure to gain was their fumbles.

They fumbled so often in the first half that they had possession of the ball for only eight actual plays from scrimmage. Leyden had the ball fully 85 per cent of the time, yet only gained 80 yards in all this time.

The second half was more according to form. Arlington tried twenty some odd plays which gained practically all their yardage while Leyden tried almost the same number for a total of 5 yards earned from scrimmage. On 15 plays during the second half Leyden failed to gain or were thrown for a loss by Arlington's defense.

Leyden scored first in the first quarter. Arlington had scored a touchdown in the first five minutes which was called back when Harrah was offside. Arlington got this opportunity when Mayerck recovered a Leyden fumble on the Leyden 27 yard line. On the first play, Kopplin hit over guard for 27 yards for a score only to have it called back by the offside penalty. On the next play Mayerck fumbled to lose the ball. Mayerck's recovery was the last good break the Cardinals got throughout the game. After an exchange of punts Leyden blocked an Arlington kick which rolled back to the 18 yard line where Leyden recovered. On fourth down a bad looping pass caught Arlington asleep and Leyden had six points.

Leyden put three first downs together for their next score. One of them was the result of their record long-distance fumble and another was a questionable first down when the referee moved the ball in from near the sidelines before measuring. This down was only by an inch which might well have been a foot or more either way if measured where downed. This gave Leyden the ball on Arlington's two yard line. The Cardinals held for three downs only to see Wedemeier go over on the fourth try. Both their tries for point failed.

Arlington scored in the third quarter. Leyden downed their punt on the Arlington 39 yard line. Kopplin plunged 9 yards. Richards took a lateral and made it first down on Leyden's 44 yard line. Mayerck failed to gain on a reverse. Mueller took a pass for 4 yards. Kopplin plunged to the 33 yard line and when Leyden roughed him after being downed Arlington was given the ball on the Leyden 18 yard line. Mueller picked up one yard and Kopplin again plunged this time to the 11 yard line. Leyden took a time out. Mueller plunged to the 7 yard line and a first down. Leyden was again penalized for unnecessary roughness, this time to the one yard line. Kopplin plowed over on the first down.

Shortly after the kickoff Arlington turned on the steam again. Arlington made a first down on Leyden's 45 yard line. Capt. Turner was far behind Leyden's secondary for a pass right in his hands, but tried to run too quickly and dropped it. On the next play Arlington fumbled it and again Leyden recovered. This was the turning point of the game. The Cardinals

got only one more chance for what might have been a score. A punt to Richards near mid-field, one of the few he had an opportunity to run back all day boomed off his chest and was caught out of the air by Melone 10 yards away. Melone could probably have scored had not the suddenness of it caught him by surprise. This ended all opportunities to score and left the final Leyden 12, Arlington 6.

Arlington put up a courageous bid for a victory, but the breaks were against them. The odd part of it was that the fumbles that cost them the game were out in the open when a back dropped the ball shifting it. They managed to hold on well when tackled.

Leyden deserved to win on the strength of their hard tackling and general defensive work. Melone at center was the hero of the day for Leyden. He was the one who stop-

ped most of Arlington's plays and was on the spot for a couple of fumble recoveries. But for him it would have been a lost cause. Wedemeier was stopped cold throughout the game. Sewoski got loose for two short dashes. Melone is undoubtedly the outstanding center in the league and proved of how much value an exceptional line man can be.

Kopplin was the only Arlington back to function properly either on offense or defense. He gained consistently practically every time he carried the ball. The whole line played brilliantly. The only place Leyden gained was over the Arlington left tackle where they ganged. Baxter's lack of weight was not enough to keep them from making a few substantial gains in the first half. He solved it in the second. Capt. Turner, Hanauer and Duthorne were the stars.

Arlington Cardinals
Meet Niles Center;
Good Game Anticipated

Tuesday evening of this week
Arlington High's Lightweights won
from Warren 20-7. Touchdowns
were scored by Lancia, O'Hagan
and Hull for Arlington. Points af-
ter touchdown by O'Hagan and
Langhorst.

The lineup for Arlington was:
L.E.—Langhorst; L.T.—Ratzoll and
Milligan; L.G.—Minarik; C.—Lemke
and Kirchhoff; R.G.—Deering,
Grossi; R.T.—Heide; R.E.—Lancia,
Milligan; Q.—Rehling; L.H.—
O'Hagan; Lancia; R.H.—Rohl-
wing, Grossi; F.—Hull.
Date Arlington has won from
Crystal Lake and Warren, and has
lost games to Maine, Libertyville,
Niles Center and to the first team
from St. Mary's of Woodstock.
They have games remaining with
Libertyville, Barrington and Ley-
den.

LEYDEN, 12; KOPPLIN, 6

It is with fear and trembling that
I write my opinion of H. S. game
Saturday with Leyden. The score,
in my opinion was Kopplin 6; Ley-
den, 12. The Duke did a swell job
all day, both on defense and on of-
fense. If it hadn't been for his in-
spired play I'm sure the score
would have been a lot worse.

Our boys acted very jittery, par-
ticularly during the first half. They
did not look like the team that was
headed for conference honors. They
fumbled too much and didn't seem
to be able to take advantage of the
breaks, of which they had plenty
and permitted themselves to be out-
charged, out blocked and generally
out played all during the game. Two
things were very outstanding, the
excellent physical condition of our
boys and the outstanding play of
Kopplin. More than that I cannot
say.

relief and support of all poor and
indigent persons lawfully resi-
dent within this town, in accordance

Farmers Erect Own Cold Storage Plant In Lee County

A cold storage locker plant with
upwards of 350 lockers will be in
operation at Amboy, Ill., within the
next few weeks, according to infor-
mation reported by the Lee County
Farm Bureau to the Illinois Agri-
cultural Association.

A building has been purchased
and cold storage equipment is now
being installed. The facilities will
be owned and controlled by the Lee
County Cold Storage Company, or-
ganized under the Illinois co-op-
erative act of 1923. The Amboy plant
is the first of two or more contem-
plated in that county. A second
plant will undoubtedly be estab-
lished at Dixon if demand in that
area justifies.

Early reports stated that 160
lockers had been leased to farmers
at \$10 each annually. Each locker
will hold approximately 300 pounds
of meat which farmers will butcher
on their own farms and bring in to
the plant for freezing and storage.
The quick freeze process, it is said,
holds the flavor and texture of meat
and other foods and enables patrons
to take out cuts of meat, fresh
fruits and vegetables as they are
needed.

A man experienced in cutting
meat will be placed in charge of the
plant. He will be paid a small fee
by each patron on the basis of ser-
vice rendered. Approximately 500
cold storage locker plants are said
to be in operation throughout the
United States. In Iowa and Minne-
sota a large number have been es-
tablished by farmers on a co-opera-
tive basis.

Wrote "Rock of Ages"

Augustus Toplady, celebrated di-
vine, was the author of the hymn
"Rock of Ages." It was published
in 1775, probably soon after it was
written, although a local tradition
associates its symbolism with a
rocky gorge in the parish of Blog-
don, his first curacy. It was trans-
lated into Latin by Gladstone.

Observer's Notes

What is it ringing in your ears
To fill your thoughts with horrid
fears?
Bringing unpleasant things to
view
That for four years have haunted
you;
Dark portends on the atmosphere
As old November swift draws near
Not acidosis, nor bad liver.
Give you that chill all over
shiver;
Nor do bad teeth cause an
infection,
'Tis just plain dread of the elec-
tion.

We certainly have a most "prom-
ising" lot of candidates; yet think
back, and you will find it was just
the same four years ago: promises
make good oratory!

One candidate made mention
some time ago of the return
of "horse and buggy days." So
what! There recently passed thru
out streets a real wedding pag-
eant of old time horse and buggy
days. A procession that caused
more real pleasure with its tooting
horns, and joyous comments than
any stream lined train would
awaken.

Here comes another "horse and
buggy" weather prophet. The wild
geese going south, the real "ships
of spring" following southward
where spring has long gone. Mrs.
Draper called to tell us of their
passing and hundreds do often on
their way south to find spring.

Away! Away on south bound wing
We hear the wild geese trumpet-
ing.

Election day is coming round,
Where still abiding "geese" are
found;
Only feather geese! are wise
To shun defeat by mortal guys,
Hear the wild geese trumpeting
Winter is coming, bing, bing,
bing!
Happy the way the wild geese
wend
To mortal geese election will send
Either a victory or defeat.
Watch horse and buggy yet may
beast.

Speaking of garden and orchard
products in so many cases a failure
this year, Miss Mabel Wayman
had some of the finest tomatoes
seen this year. All cultivated and
cared for by her own hand. We
also noted an apple tree which Miss
Wayman says has always borne
green apples, and this year has but
one bough with apples on and they
are all a bright red. So many un-
usual freaks the season shows.

Speaking of beautiful flowers,
our floriculturist friend, Mrs.
Cleveland, has some of the dainti-
est colored and rarely tinted
dahlias this season ever to come
to cheer one who has to neglect
even common blossoms in a shut-
in condition. Mrs. Cleveland is a
majadomo in doing. Her flowers,
her garden, her friends, she does
for all.

This is a year not only of great
events, but also of the celebrating
anniversaries of great events.
Every day is a birthday, an anni-
versary or cause for shouting over
days past. Why not just now turn
our attention to building great
events, great days for future gen-
erations to rejoice in?

Here we are running ahead of
reason and naming these glorious
autumn days Indian Summer. Do
we have to tell you over and over
again, Indian Summer does not
come until after our first real
freeze. "Squaw winter" as the In-
dians called it, and all that big old
Shabona chief of the Pottowata-
mies told us long ago.

Some claim to have seen ice and
frost. No general freeze has
touched the flowers or the leaves.
To be sure ripe mature leaves all
over the ground form a wonderful
carpet of great beauty. Indian
summer has not yet come to us.
Wait until squaw winter freezes
our plants and flowers—it will
come.

The clouds and the winds may
stage a warfare, and its results
may be disastrous, as all wars are.
But we wait for Indian Summer.
It will come.

The winds of autumn, they hurry
Like wild steeds over the plain;
They rage through treetops, and
scurry
And their breath congeals in cold
rain.

The cloud ships hold fierce
battle
With wind steeds galloping by;
Their white frozen sails they
rattle,
And spill out hail from the sky.

It seems in their torn sails flying
And from wind steeds hurrying by
There come sad voices, and
sighing
And the wail of humanity's cry.

If when in battles they're crash-
ing
I might captain the cloud fleets
there
And rein the wild windsteeds
dashing
I would soothe the sigh of despair.

The winds of autumn still hurry,
Like wild steeds over the plain;
The white cloud fleets still scurry
The good and the bad must
remain.

Observer's hat is off to the one
or group who saved that amazing
granite rock that so appropri-
ately marks the entrance to Meadow
Park. The joy of seeing it there
does away with the fear of taxes.

At night when traffic noise has
fled
Comes a mosquito to your bed
He is so nimble on his wings,
And O, the pretty song he sings,
When that blaméd insect madly

bites
It rouses hate and angry spites.
I feel for him just all of that,
And long to smite and mash him
flat.

These are without doubt troubl-
ous times, yet it is a real solace to
hear evidences of the good old
homey times. Like one woman
conferring over making peach jam
or of canning pears. And another
good woman said tonight she
had to hurry home to iron a shirt
for her husband as he had to at-
tend a political meeting.

Sanity and reason have not en-
tirely fled. We fret and worry
about small happenings and worry
over trifles. Don't you know "wor-
ry killed the cat," though it has
not been missed in our neighbor-
hood.

What's the use of fretting
Why anticipate
Peace comes with forgetting.
Start with a clean slate.
What's the use of whining,
Better laugh it off,
Look, the sun is shining
Let the gossip scold,
What's the use of fretting
Better smile at fate.
Peace comes in forgetting
Wipe fret off the slate.

As soon as we are past the time
of yelling 20 more days to election
we will have to start in on only so
many more days to buy your
Christmas presents. O, yes, these
Americans. You'll have something
to holler about. Just the same we
are thankful we don't have some
of the things other nations across
the sea are not keeping still about.
So what?

We do have so many things good
true and beautiful to be thankful.
Let us remember that in quietness
and confidence is our strength.
The shouting and the confusion
will soon pass. And in that day we
shall more hopefully remember,
that God is over all and He never
forgets. His children. Never mind
the racket, gather flowers, and be
glad.

The river time, a flowing stream
Ever moves on and on;
Many a peaceful happy dream
It bears of days for gone.

This river winds in many a turn
As our boat drifts on its tide;
Its changing moods we never
learn;
We must trust our pilot guide.

This river's way is a magical
thing.
When in peace our days move on,
It somehow shows bright visions
of spring
Springs past and forever gone.

The river of life O, wondrous
stream!
With lures at every turn;
While we glide along as in a
dream
Eager its charms to learn.

The river of life, though short or
long
We strive with the moods of its
stream
Time for weeping, time for a song
And a peaceful twilight dream.

The river time flows on and on,
While our life boat rides its waves,
Look not back for things lost or
won
'Tis the forward look that saves.

The river of life still onward
flows
And many the wrecks we see
Our guide points where hopes star

Chicago Plans Huge Live Stock Exhibit

Chicago, Oct. 24—America's an-
nual continental congress of agri-
culture, the International Live
Stock Exposition, will be held Nov-
ember 28 to December 5 in the new
International Amphitheater at the
Chicago Stock Yards.

It will be the 37th renewal of this
largest annual exhibition of pure-
bred farm animals and crops in the
country, and according to the man-
agement, one of the biggest shows
in its history.

Expect 13,000 Animals

B. H. Heide, secretary-manager
of the exposition, states that plans
are now under way to house over
13,000 animals at the 1936 show. He
reports that entries are pouring in
from leading stockmen and farm-
ers in nearly every state in the
Union and province of Canada, listing
their prize herds and flocks for the
competitions that will feature more
than 30 different breeds of draft
and light horses, beef cattle, sheep
and swine.

Approximately \$100,000 will be
paid in cash premiums to winning
exhibitors in the various divisions
of the Exposition, says Heide.

Entries for the livestock classes
will close on November 1, with the
exception of the carlot contests for
commercial stock that are displayed
in stock yard open pens. Feeders
have until November 21 to reserve
space for exhibits in this event.

Jefferson's Inventions

At Monticello, the beautiful,
mountain-top mansion designed and
lived in by Thomas Jefferson, are
many examples of this statesman's
inventive turn of mind. In the en-
trance hall is an enormous clock
which he contrived to tell not only
the time but the days of the week,
as well, and which was wound by a
huge crank, from a ladder. In Jeffer-
son's own bedroom he had the bed
so made that it could be raised
on ropes and pulleys, and concealed
in the ceiling when it was not in
use. This gave him more space
in the room for his work table
and chairs. Perhaps it was the
first roll-away or in-a-ceiling bed.

Following Dr. Stephens' address
resolutions endorsing State's At-
torney Courtney's record were
adopted by viva-voce vote.

Tribune Endorses Courtney

In an editorial Tuesday the Chi-
cago Tribune, which is classed as
a rabid Republican sheet, endorsed
the election of T. J. Courtney as
state's attorney. The Tribune said

Courtney Receives Endorsement By West Side Ministers And Tribune

State's Attorney Thomas J.
Courtney, last week, received a
glowing endorsement of his four
year record in office in the course
of an address before a meeting of
Chicago West Side Ministers at
Duncan Y. M. C. A., 1515 W. Mon-
roe street by the Rev. Percy W.
Stephens, Pres., of the Oak Park
Civic League.

Mr. Stephens, former pastor of the
Second Baptist church of Chi-
cago and former president of the
P. T. A., council of Oak Park, epi-
tomized State's Attorney Court-
ney's record in the following terms:

"Mr. Courtney has set a great
example in his fight on crime. He
needs the endorsement and co-op-
eration of every minister of the
gospel who wants to see this fight
against crime continued and he is
worthy of that endorsement."

"His record shows his sincerity—
his courage and his devotion to
high principles. Because of that we
owe him our endorsement but we
also owe that endorsement to our-
selves and to our community so that
the good work that has been start-
ed shall be continued."

"It would be a fortunate circum-
stance if it were possible to elect
our State's Attorney at some time
other than during a general election
when party politics play so impor-
tant a part. This high office should
be separated from party affiliations
as definitely as the Supreme Court
of the United States."

"We know the qualifications of
Mr. Courtney for this office be-
cause he has filled it during the
past four years and the record of
his service shows that he has kept
his pledges to the people."

Following Dr. Stephens' address
resolutions endorsing State's At-
torney Courtney's record were
adopted by viva-voce vote.

In an editorial Tuesday the Chi-
cago Tribune, which is classed as

the election of T. J. Courtney as

Betting Odds Favor Roosevelt and Horner

The financial pages of Chicago
newspapers state that Wall street
and Lloyds have placed odds of
three to one that Roosevelt will be
elected president over Landon. The
odds upon the state contest are al-
so three to one that Roosevelt will
carry Illinois. The odds on the Hor-
ner-Brooks contest is 2½ to one in
favor of Horner.

The Daily Times which is con-
ducting an independent poll in Chi-
cago show that Roosevelt and Hor-
ner are favorites over two to one.
These reports have encouraged
Democratic workers throughout
the state and county, states Home
J. Byrd, Wheeling township com-
mitteeman.

DEMOCRATIC PRECINCT MEETINGS FRIDAY

Two Democratic precinct meet-
ings for Wheeling township are
announced for Friday evening both
starting at 8 p. m.

For Precinct 2, Democratic work-
ers and voters are invited to the
home of H. J. Byrd on North Bel-
mont avenue.

For Precinct 3 Democratic work-
ers and voters of that precinct are
invited to Gleichert's Hi-Way res-
taurant.

and Democratic candidate for re-
election, has made an exceptional
campaign, restricting his speaking
chiefly to nonpolitical meetings of
citizens. He has evidently felt that
his record in the state's attorney-
ship should do all the talking for
him. On his behalf it is pointed out
that serious crime has materially
decreased during his term, that the
theft of automobiles has dropped so
sharply that insurance rates have
been cut 58 per cent since 1932,
saving motorists approximately \$3-
350,000; that convictions for crime
have increased—that, in short, Chi-
cago is a safer place to live in be-
cause of the administration of Mr.
Courtney.

"The Tribune thinks that condi-
tions have very materially bettered
in Chicago during and because of
the state's attorneyship of Mr.
Courtney. His record, in our opin-
ion, entitles him to reelection."
